Projects

Compromised Device Information Collector   **Since Jul 2025**

- Capturing comprehensive host and network intelligence during authorized assessments, including running processes, services, user accounts, and adjacent-host discovery
- Securing encrypted transfer of reconnaissance data to the analyst workstation with integrity checks for reliable evidence handling
- Providing automated artifact removal and system restoration to return targets to a pre-test state, ensuring safe, ethical engagements. Suspicious Link Detection Browser

AI-based IDS/IPS with Suricata Integration   **Oct 2024- Apr 2025**

- Developed a browser extension that detects and flags phishing or malicious URLs using pattern analysis and blacklist checks
- Implemented real-time user alert pop-ups for unsafe links and designed a scalable modular architecture for seamless future enhancements
- Integrated proactive warning mechanisms against malicious URLs and structured the extension with a flexible architecture for continuous improvements

Training

Linux System Administration | Lovely professional University   **Jun 2025-Jul 2025**

- Gained practical expertise in Red Hat Linux administration (RH124 & RH134), including user management, file systems, permissions, networking, and service configuration
- Configured and deployed virtual machines and networks using Apache CloudStack
- Mastered skills in troubleshooting, monitoring, and automating Linux server tasks for reliability and security

Certifications

CompTIA Security + | CompTIA   **Since Aug 2025**

Quick Heal DFIR | Quick Heal   **Since Aug 2025**

CompTIA Network + | CompTIA   **Jan 2025**

Technical Skills

Languages	: C, C++, java, Python, SQL, Bash, Solidity, Go
Cybersecurity Tools/Platforms	: Wireshark, Nmap, Metasploit, Burp suite, Git, GitHub, Docker, Ghidra, IDA Pro Binary Ninja, Any.run, YARA
Frameworks	: OWASP Top 10, NIST Cybersecurity Framework, MITRE ATT&CK Framework
Operating Systems	: Linux, Windows Administration
Network & Security	: Vulnerability Assessment, Penetration Testing, Digital Forensics
Soft Skills	: Leadership, Problem-Solving, Team Player, Communication, Adaptability, Problem-Solving

Education

Lovely Professional University Punjab   **Since Aug 2023**

CSE(Cyber security & Block chain) — CGPA: 8.3   *Jalandhar, Punjab*

Narayana Junior College   **Apr 2021 – Mar 2023**

12th with Science — Percentage: 97.00%   *Anantapuram, Andhra Pradesh*
